**Friday, 13th September –**

**Monday, 23rd September 2019**

A distinct ten day dry fast retreat, which fosters an exceptional expansion of consciousness and spiritual growth, takes place every year on the island of Murter under the auspices of the Veduna School. It is intended for those who are ready for rapid and effective change and want to harmonise their lives and relationships, eliminate the impact of a stressful life and to balance their soul and body. The retreat greatly accelerates spiritual growth and (self-)healing. It is also full of joyful company. During the retreat, 3 to 4 days are spent without food and liquid, in silence. In the past, similar initiatory fasts were practiced by most cultures and some still practice them today. It is an extremely fast harmonising and enlightening experience, full of insights and knowings. The retreat is led by **Mira Omerzel - Mirit, PhD**, a sound-energy surgeon, spiritual teacher, cosmic telepath and a **medium** for the transfer of Universal life energies. Mirit has been fed on cosmic energy, or prana, for more than fifteen years. She spontaneously experienced this possibility for the first time in **1994** and has lived permanently without usual food since **2000**, occasionally

even without liquid. She has tested the expansion and **awakening of her dormant abilities and the increase of her energy flow** in different processes without food, including a (ten day) process in silence and darkness, all of which is described in detail in her books. With her **experiences, she wants to help all devoted spiritual seekers of happiness, peace, balance and well-being**. Her work is being continued more and more by her son **Tine Omerzel Terlep**, who is also **a medium and a channeller of life energy** into the physical world.

The Veduna dry fast on Murter, **supported by cosmic Masters**, is also an exceptional **Veduna cosmic initiation with sound-energy surgery**. A Veduna dry fast greatly surpasses an ordinary fast! It unfolds **within a connection to the cosmic (sound) vibrational energy grid, or life soup, to the Source, the Logos of life**.

**With the cosmic support of the Universal Intelligence of life, our consciousness expands greatly**, which makes **the cleansing of destructive and subconscious contents and emotional problems easier and more effective**. Participants receive important **insights** about their lives and work. **Cleansed body fluids acquire the structure of harmonised liquid crystal. The entire organism and the body's immune system strengthen**, as does **spiritual power, assertiveness and (self-)awareness**. Throughout the Veduna fast, participants receive **an etheric infusion (energy support from the Source of life)**, which gets converted into bodily fluids. That is why, without ingesting liquid into the body, all participants pass water from their bodies completely normally and do not feel hunger after the second day. **Numerous are the miracles of this cosmic-earthly process and challenge, which is as old as the world – miracles, which are still very welcome in our times**.

Only **spiritually 'broad warriors,' ready for this extraordinary challenge** and transformation are **selected** for the dry fast on Murter. If someone is not ready enough, Mirit will not accept them. In order for her to establish in advance your readiness, please include your date of birth and attach a photograph of yourself. In this way, Mirit, the retreat leader, will be able to contact your soul and check your abilities.
